

## **Hunting on Private Land Consent Form**

- \* All hunters are required to have landowner permission when hunting on private land.
- Private land deer and turkey hunters must carry the form below, signed and dated for the current season. This is required of both archery and firearms hunters.
- \* This form must be filled out completely, and include a hunting license number which corresponds to the season for which you have been granted permission.
- You may have a landowner sign a dated consent form before you purchase your license and permits, but you must fill in the license and/or archery permit number before you hunt.
- ★ Landowners who allow, without fee, the recreational use of their property are protected from liability by Connecticut law (C.G.S. 52-557g).
- ★ Properties must be at least 10 acres in size for rifle use to be authorized.
- ★ Landowners must designate calendar year, seasons, and choice of hunting implements.
- You do not have to send a copy of this form to DEP.

(Photocopies of these forms may be used, but to be valid, must have original signatures and dates.)
